PURISSIMA

THERAPEUTIC ORGANIC

S P A P E D I C U R E

Purissima is a professional organic Foot Care Treatment for stress-ridden modern society members that provides relaxation and promotes well-being. Stress and lack of exercise cause poor blood circulation, increasing metabolic degradation and waste matter accumulation in the body. These accumulated toxins can lead to disease if not properly cared for.

Purissima treatment fortified with plant extracts and essential oil aromatherapy will not only help to promote metabolism and improve blood circulation but also relieve chronic stress and exhaustion, leading to healthier, more holistic lifestyle.

PURISSIMA

ORGANIC SPA PEDICURE FROM ITALY

Purissima Organic Spa Pedicure line is a remarkable line of certified organic pedicure products. These wonderful products draw on the wisdom of phytotherapy and aromatherapy to create and maintain radiant, healthy, glowing, smooth skin. This natural healing system promotes physical and mental inner balance.

MAIN INGREDIENTS

Fucus seaweed extract counters cellulite by increasing the metabolic rate. Dead Sea salt is rich in minerals, invigorates blood circulation and reduces rheumatic and muscle pains. Fennel, Birch, and Juniper essential oils have a purifying effect while creating a relaxing feeling. Tea Tree, Balsam Copaiba, Rosemary, and Thyme essential oils have an extremely effective antiseptic action and when used together boost the skin's own natural defenses.

1

sock: Purissima Bath 500ml {16.9oz}

This immediately refreshing and stress relieving bath formula nourishes and moisturizes your skin while working as an effective antiseptic & antibacterial agent. Purissima Bath is ideal for removing sweat, dirt and fatigue from the body, and also softening hard skin, as well as restoring tone and vitality to tired feet. The energizing, refreshing and deodorizing sensations of this product can be felt long after the treatment.

2

exfoliate: Purissima Scrub 500ml {16.9oz} / 1000ml {33.8oz}

This scrub is a gentle but effective antiseptic cleanser to the skin using granules from fruit seeds. Because of its unique blend of ingredients, this scrub not only cleanses the skin but also protects it. The formula of mixed bamboo extract and essential oils soothes, relaxes and tones the skin.

3

rehydrate: Purissima Mud 500g {17.6oz} / 1000g {35.2oz}

This is an extraordinary product for the treatment of the legs, as well as a powerful cellulite reducing agent. Seaweed, Dead Sea salts, herbal extracts and essential oils combine to produce detoxifying, purifying, and soothing effects to the skin. It is non-irritating and safe to use, even for sensitive skin.

4

massage: Purissima Massage Oil 500ml {16.9oz}

This massage oil not only improves the health of your legs and feet, but also fortifies them to ensure they stay healthy. It provides nutrients that enhance your skin's tone, elasticity and flexibility. It is also rich in cold extracted vegetable oils and essential oils, which have an extraordinary balancing effect on the skin.

5

moisturize and repair: Foot & Leg Cream 250ml {8.5oz}

This cream provides immediate freshness and relief to tired and swollen legs and feet. It is an effective formula, helping to stimulate, rejuvenate, and repair dry, cracked and callused skin. It is easily absorbed and leaves skin smooth and polished.
