### PEPPERMINT SPA PEDICURE LINE

#### STEP 1 - SOAK

#### PEPPERMINT BATH (17oz/1gal)

Natural mineral ingredients soothe and comfort tired, scratchy feet. Calloused skin is alleviated while natural peppermint and bacteria-eroding triclosan deodorizes and freshens feet.

#### STEP 2 - EXFOLIATE

#### BAKING SODA MIRACLE SCRUB (18oz/72oz)

Enjoy the power of baking soda to exfoliate and clean your body. Through massage, the actual baking soda particles literally wash away dead skin, dirt and odor as it dissolves in water. Your skin is left unbelievably soft and silky smooth.

#### STEP 3 - REHYDRATE (SPA MASK)

#### PEPPERMINT MUD (16oz/64oz)

Botanical extracts in this velvety soft mud gives skin resilience while tightening pores. The active mud draws in moisture and rehydrates skin where you need it. Calming, anti-inflammatory ingredients like peppermint and kava help soothe and relax your entire body.

#### STEP 4 - MASSAGE

#### PEPPERMINT MASSAGE CREAM (13.5oz/33.82oz)

This peppermint cream is perfect for long lasting professional massage treatments. The soy proteins and echinacea extract with peppermint essential oil nourish and moisturize to result in soft and vibrant skin.

\* For an enhanced massage, we recommend that you mix one or two pumps of Peppermint Lotion.

#### STEP 5 - MOISTURIZE & REPAIR

#### PEPPERMINT LOTION (12oz/1gal)

Perfect for revitalizing and moisturizing tired feet and legs. This lotion contains an exclusive blend of pure essential oils of Bay Laurel and other herbs to stimulate the circulatory system for an amazing finish to any treatment.

#### PEPPERMINT SPA PEDICURE

This therapeutic treatment soothes and relaxes stressed-out tired skin. Natural minerals stimulate the circulation to achieve fresh vibrant looking skin.
